

DrivePro® Extended Warranty

The industry's longest warranty coverage

Even the best performing AC drives need protection. DrivePro® Extended Warranty offers a wide range of warranty options and provides the longest coverage in the industry of up to 6 years (72 months).

Given the rigors and challenges faced in today's facilities, even the best-performing AC drives need protection. The reliability of Danfoss products ensures maximum uptime. And, when combined with DrivePro® Extended Warranty, unplanned expenses are eliminated.

Flexible coverage you can rely on

Extend the lifetime of your AC drives with expert service support available around-the-clock and enjoy peace of mind avoiding costly repairs and replacements.

Unlock maximum uptime with fast response time

A predictable maintenance, and repair budget, as well as reduced costs with a wide range of warranty options to fit your needs.

Longest coverage

Get the longest coverage available in the industry, with up to 6 years warranty coverage.

Reduce downtime

With a DrivePro® Extended Warranty agreement, you can improve productivity. Achieve typically 60% downtime reduction due to direct support. Your plant is up and running faster after an unscheduled shutdown – a concrete productivity boost you will register on the bottom line.

DrivePro® Circularity Commitment

With DrivePro® Extended Warranty we will aim to repair drives as long as we can technically allow it, and we will reduce actions to replace the whole unit.

6 years

about DrivePro®

Choose between two types of DrivePro® Extended Warranty

With DrivePro® Extended Warranty we support all Danfoss AC drives in a new or active lifecycle status.

Standard Extended Warranty

DrivePro® Standard Extended Warranty **prolongs the standard warranty** provided under the Danfoss General Terms and Conditions of Sale.

DrivePro® Standard Extended Warranty is intended for **drives which can be shipped to and repaired in the Danfoss workshop**. The workshop repair is carried out by certified service personnel who are equipped with the right tools, original spare parts and they follow high-quality standards.

On-Site Extended Warranty

DrivePro® On-Site Extended Warranty is **an additional service offering to the standard warranty** provided under the Danfoss General Terms and Conditions of Sale.

DrivePro® On-Site Extended Warranty provides the **repair or replacement of the product at the jobsite by a technician free of charge**. The on-site repair is carried out by certified service personnel who are equipped with right tools, original spare parts, and they follow high quality standards.

How it works

Choose warranty type

Contact Danfoss experts and find the option that best fits your application needs.

Select terms of warranty coverage
Choose up to 6 years from the date of manufacture.

Enjoy peace of mind
Continuous service support is always one call away.

How to order

Order DrivePro® Extended Warranty online, by email or telephone at the same time as you order your new drive.

You can also order DrivePro® Extended Warranty for installed drives up to 24 months from the date of manufacture. Contact Danfoss Drives sales office for post-shipment warranty options.
